Deutsche Messe

Shaping the future of Industrie 4.0

IAMD at
HANNOVER
MESSE
20 – 24 Apr 2020
Hannover,
Germany

Discover IAMD, the showcase that unites industrial automation and IT with power transmission and fluid technology.

Industry boundaries are disappearing. Innovation cycles are shrinking. More and more, products are networked. In the new world of manufacturing, staying competitive means integrating processes along the entire production chain.

Located at the center of HANNOVER MESSE – the world's largest trade show for industrial technology – IAMD presents the complete spectrum of solutions for taking an individual business model to the next level. As such, it is the most vibrant marketplace of its kind for buyers and decision-makers from a great variety of industries.

Furthermore, IAMD events worldwide hosted in China, Singapore, Turkey, Mexico and the United States connect companies of all sizes with additional new customers in the world's most promising markets.

The global IAMD network includes more than 2,000 companies from six continents, all of which rely on the more than 70 years of expertise and top-notch service that Deutsche Messe is known for.

IAMD –
five reasons to join
our global network!

Meet new customers worldwide

Reach new target groups at co-located trade shows

Connect with world-renowned brands plus SMEs and startups

Network with decision-makers from industry, politics and science

Keep up with industry issues and trends at our forums

IAMD events worldwide: membership pays

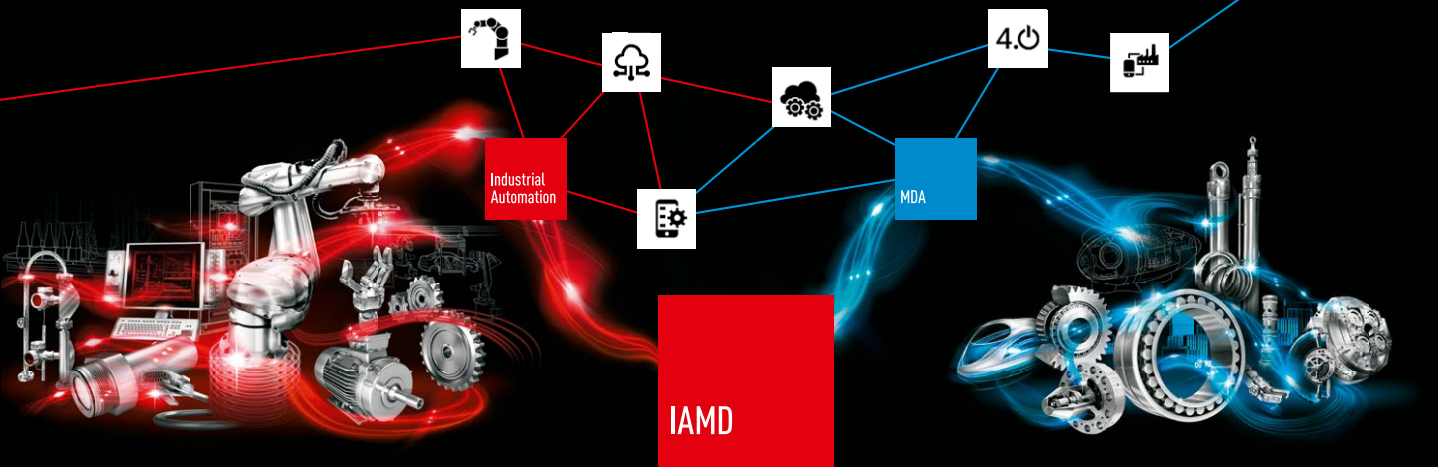

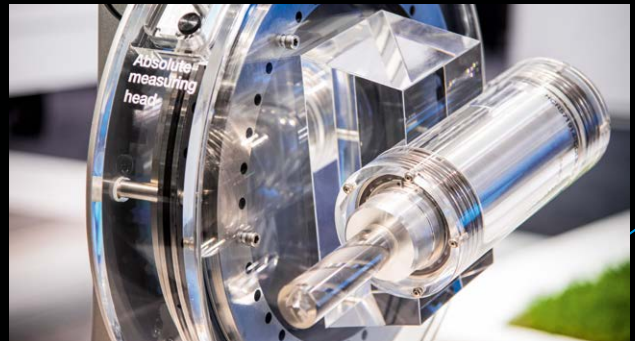

The Fourth Industrial Revolution is in full swing, radically altering the ways producers, suppliers and customers connect and collaborate. Sensors, controls and networks must interact seamlessly with electronic and mechanical drive systems to create one symbiotic production ecosystem.

Only IAMD shows this complex interplay between components, machinery, software and IT.

Is your company active in the following areas?

- Automation technologies
- Industrie 4.0 / IIoT
- Electric drive technologies
- Industrial IT and software
- Industrial hydraulics and pneumatics
- Microsystems technology
- Linear technologies, gears, motors and mechanical transmission systems
- Bearings
- Condition monitoring and vibration reduction
- Sealing technology and lubrication

If so, then it is time to join the IAMD network!

A dynamic global network: IAMD events worldwide

No.1

showcase for digitally integrated industrial technology solutions in the United States

Joint power of 6 trade shows for a

360°

view of Eurasia's industrial technology market
